Property Description

We at Live Algarve Realty are thrilled to present you with an extraordinary property, just a 15-20 minute drive North of the vibrant, historical town of Lagos, in the stunningly beautiful and tranquil locality of Lake Barragem da Bravura in Odiáxere, Lagos. This exceptional, fully renovated country estate is situated on 106,500 square meters (10 hectares) of private land, offering a unique blend of natural beauty and privacy, combined with modern comforts, including air conditioning, underfloor heating, and electric shutters throughout. The long private driveway leads up to the villa with parking spaces for several cars. A romantic courtyard entrance leads us to the main front doors, opening into a spacious hallway with a guest WC. To the right of the hallway is the extraordinary, bright, and sunny open-plan living, dining, and kitchen area with a log-burning fireplace. The views are spectacular towards the lake and stunning, with lush green hills and natural scenery. The large utility room, located just off the hallway, includes a washing machine and tumble dryer. It is fully equipped with built-in storage wardrobes and fully fitted base units for additional storage. Ensuite Bedroom 1, with fitted wardrobes, is just off the hallway and offers beautiful views across the pool towards the valley and the Monchique mountains. To the left of the main hallway is the second spacious living room, featuring a log-burning fireplace and views over the Buddhadha garden and hills beyond. Ensuite bedroom 2, with fully fitted wardrobes, offers views over the ornate fish pond towards the rear garden, which features mature shrubs and trees. The walk-in shower room is suitable for those with mobility problems. Ensuite bedroom 3 is the main bedroom, complete with fitted wardrobes, and has gorgeous views over the Buddha garden towards the undulating green hills.

Outside, there is a detached spacious double garage with a separate workshop at the rear, with access via the large electric door.

In 2024, the owners had a new highly efficient low-energy pool pump and electrics fitted. The cute detached pool pump house is ideally situated near the pool to store all necessary equipment—the enormous pool benefits from inbuilt corner steps that lead down into the water. Additionally, there are LED lights, which are terrific for nighttime entertaining while enjoying a few sundowners.

At the rear of the property, there is an additional detached outbuilding ideal for storing gardening tools and firewood

The gardens feature mature trees, flowering plants and inviting chill-out areas. Spend your days relaxing by the private lake, enjoying al fresco dining, or soaking in the tranquil ambience, all with easy maintenance and requiring minimal watering during the hot summer months

The Buddha garden has been designed to continue the lovely chill out zones reflected in the villa, featuring a pergola with gorgeous trailing bougainvilleas, the perfect place to relax and unwind

<With the ideal positioning of this south-facing villa and its covered south and west-facing terraces, you can enjoy the sunshine all day, starting with your morning coffee through to the evening with sun downers.

<This peaceful property is surrounded by unspoiled nature, with fantastic hiking and biking trails on your doorstep.
