Property Description

[Virtual Visit](#) This incomparably exquisite property offers everything to satisfy even the most demanding taste. Here, one resides above Lagos's roofs with exclusive panoramic sea views and all luxury on a representative 451 m2. Please let the pictures and the video speak for themselves here in the gallery, because words could not describe this breath-taking penthouse. The contemporary building was completed recently, and the apartment comes fully furnished. You will enjoy features like underfloor heating, air conditioning, motorized blackouts, two remote-controlled gas-fireplaces, a surround sound system, and a whirlpool between many more. On the common roof-terrace lays a heated pool where you can activate an artificial current to swim without turning overlooking the beach of Meia Praia and the Atlantic Ocean.
